INDIAN YOUTH CONGRESS · PUNJAB

A grassroots-trained Youth Congress leader who has won three consecutive organisational elections and carried polling-day coordination responsibility across three Assembly campaigns in Punjab and Haryana.

Muzzammil Ali Khan is a young political and social leader from Malerkotla with more than a decade inside the Indian Youth Congress organisational structure, from constituency level to state level. He has contested and won organisational elections at Lok Sabha, state general secretary and state vice-president level, and has been deployed on Assembly campaigns outside his own district — the mark of a worker the party sends where the seat is close. Alongside party work he has run sustained civic campaigns in Malerkotla on cleanliness, public health, drug rehabilitation, flood relief and communal harmony, and he brings an entrepreneurial and professional background in education marketing and small enterprise.

Organisational record

Three consecutive contested organisational elections, three victories. Each was a vote of the party's own cadre rather than an appointment.

2015 **Lok Sabha General Secretary, Indian Youth Congress.** Contested and won. Responsible for grassroots mobilisation across the parliamentary segment, direct liaison with booth-level workers, and recruiting young people into the organisation.

2019 **State General Secretary, Punjab Youth Congress.** Contested and won, moving his organisational brief from the Lok Sabha segment to the whole state. Responsible for district coordination, office-bearer liaison and state-level programme execution.

2023 **State Vice President, Punjab Youth Congress.** Contested and won. Responsible for youth mobilisation, civic-awareness programming and grassroots community engagement across Punjab. He no longer holds the office.
